PROFILE STATEMENT

A self-motivated and goal-oriented web developer with over one year experience in developing and executing solution and providing quality web development, application functionality, and performance. Having a strong knowledge of building, developing, and maintaining functional and aesthetically responsive websites and web apps utilizing analytical and critical thinking skills for user-friendly interaction, efficiency, and consistency; and a clear understanding of teamwork and collaboration as well as working independently with using excellent communication and interpersonal skills. Expertise in both front-end and back-end web design using JavaScript, Python, Java, PHP, SQL, No-SQL, Node JS, express, REST API, jQuery, HTML and CSS/SASS. I am currently learning ReactJS and the next is AngularJS; and am eager to get an opportunity to expand my horizon and unlock new potential, confidence, and leadership.

WORK EXPERIENCE & VOLUNTEER

Junior Programmer – Intern
TADZ Venture PTE LTD – Singapore
📅 Jun 2020 – Sep 2020   📍 Remote

- Provided development solutions for an ERP app in JavaScript, jQuery, Python, JSON, HTML and CSS ensuring the code was functional, robust, object-oriented, and the design being aesthetically pleasing and user-friendly.
- Executed ERPNext (ERP) configuration and customization on a cloud server for a fundraising platform.
- Participated in online meetings with the technical team and provided regular project updates using Asana.

Project Coordinator & Instructor – Volunteer
YICF (Yayasan Internasional Cahaya Fajar)
📅 Apr 2019 – Jun 2019   📍 Jakarta, Indonesia

- Coordinated and created a vocational web development training in HTML, CSS/SASS, and JavaScript as part of a team.
- Prepared the syllabus and resources on Trello to the classes of 15-18 students in two sections. As an instructor in section one, delivered the lessons and by the end of first section, they had a solid understanding of basic web development and understanding how to follow instructions and 50% of the students found jobs as data annotators as they learned how to follow instructions in the course and the 20% of the class continued on to the second section of the course in JavaScript.

Languages

- ❖ **English**
- ❖ **Persian (Dari/Farsi)**
- ❖ **Indonesian**

Web Developer – Volunteer
Going Green in Jakarta Community

Jun 2018 – Mar 2019   Jakarta, Indonesia

- Built, developed, and maintained a website for the Community to disseminate environmentally friendly awareness.
- Developed new features as required and met with a small group of the community members regularly to gather, compile, and create contents for the website.

English Teacher & Teacher Assistant – Volunteer
Roshan Learning Center

Oct 2017 – Dec 2019   Jakarta, Indonesia

- As a TA: Observed and provided support and assistance for a class of 18 students; substituted for the teacher when necessary; by the end of the term, all students progressed to the next level.
- As a teacher: Taught English for general purposes to adult refugee students with almost zero literacy in their native language and elementary knowledge of English; created lesson plans; attained many informal teachings training; implemented a variety of learning methods while teaching; managed class dynamics for classes of up to 16 students: and by the end of the first year, 50% of the students progressed to the next level.

Teaching Assistant - Design
GIZ (German Corporation for International Cooperation) – AFG

Jul 2012 – Nov 2012   Kabul, Afghanistan

- Taught techniques in Adobe Photoshop and Adobe InDesign and designing strategy for graphics and layout design to 15 civil servants of DM-TVET (*Deputy Ministry of Technical and Vocational Education and Training*) and 5 were selected to work for the design department for the Deputy Ministry's magazine.

Information Technology Assistant
CGSO – CANADEM

Jan 2011 – Jul 2011   Kabul, Afghanistan

- Provided IT support and worked on an online database with a team of up to 20 vocational staff of Afghanistan's Ministry of Justice; by the end of the project, as an IT assistant, helped project members make over 50 laws, legislations, and regulations accessible in English, Dari, and Pashtu.
